VITAL STATISTICS

Year Founded: 2004
Number of Employees: 50+
Number of Facilities: 1

WHO WE ARE

We take pride in our best-in-class manufacturing capabilities, customer service, program management, aggressive turnaround times, and innovative problem solving. Whether surpassing our customers' expectations in bringing new products to market, or improving manufacturability and part quality on transfer business, Medbio excels in providing solutions for today's contract manufacturing challenges.

SERVICES OFFERED

Medbio supports each step of the production process. We can take your project from finished drawings through final assembly, and packaging, meet all quality standards, provide documentation, and aid in the navigation of necessary regulatory approvals. Our flexibility allows for development and manufacturing of major projects or small, custom programs.

Engineering Capabilities:

- Design Support
- Program / Project Management
- Tool Design, Construction and Optimization
- Rapid Turnaround

Manufacturing Capabilities:

- Injection Molding & Insert Molding
- Medical Grade Thermoplastics
- Implantable Grade Thermoplastics
- Scientific Process Development (RMT)
- Kistler Cavity Pressure Sensors
- Hand-loaded Cores to Full Automation
- Assembly / Secondary Processes
- Welding – Laser & Ultrasonic
- Adhesive Bonding / Solvent Bonding
- Pad Printing & Hot Stamping
- What Do You Need Done?

Qualification Capabilities:

- Part Measurement
- Measurement Systems Analysis
- First Article Inspection
- Capability Studies
- Product
- Fixture Qualifications
- Process Qualifications (IQ, OQ, PQ)
- Multi-run Validations
- Software Validations

MAJOR MARKETS

Medbio is an ISO 13485:2003 certified contract manufacturer for the medical and biotech industries. We specialize in precision injection molding, assembly, and design support.

At Medbio we contribute our knowledge, expertise, and the latest technology to provide molded products that improve the quality of life.

Strategic partnerships, and conducting business with integrity, allow Medbio and our partners to achieve growth, success, and profitability.

Industries Served:

- Orthopedic
- Ophthalmology
- General Surgery
- Biotechnology
 - Cell Growth
 - Diagnostics
- Cardiovascular
- Neurological Surgery
- Wound Care
- Dental
