VITAL STATISTICS

Year Founded: 1996
Number of Employees: 54
Number of Facilities: 1
Annual Sales: \$8.5 Million

WHO WE ARE

Peridot is a Northern California-based medical device component and contract manufacturer with a unique and wide ranging array of fabrication processes captured under one roof. Our customer-first philosophy and total dedication to quality make Peridot the ideal partner. We offer the latest in CNC and Laser Machining technologies. Our Cleanroom assembly services allow our customers to confidently outsource components and finished packaged devices and sub-assemblies to Peridot.

MAJOR MARKETS

Arthroscopic Devices
Endoscopic Devices
Laparoscopic Devices
N.O.T.E.S. Devices
Portable/Handheld Devices

SERVICES OFFERED

LASER MACHINING: Peridot has aggressively pursued investments in the latest Laser Machining technologies. Our laser processes include Laser Welding, Laser Ablation, Laser Engraving and Laser Cutting. We routinely process both sheet and tubular shapes in our CNC Multi-Axis laser cutting systems.

EDM: Peridot has always been a leader in Electrical Discharge Machining. With four auto threading submersible Wire EDM machines operating around the clock five days a week, we are capable of both small and large production EDM processing. We can also Fine-Hole EDM drill down to .1 MM diameter holes in tubing and flat sheet.

CNC MACHINING: Peridot's extensive capabilities range from CNC Multi-Axis Swiss, conventional and CNC Lathes to the latest in Multi-Axis Mill-Turn Centers, which are capable of producing complex parts without secondary operations. Peridot also excels in CNC Milling with several high-speed auto tool changer CNC Vertical Mills, and we are fluent in both plastics and metal machining.

FORMING: Peridot utilizes Multi-Axis CNC Wireforming machines as well as Multi-Axis CNC Press Brakes to produce highly complex formed shapes from a wide array of medical materials. Peridot staff is proficient in forming exotics such as Nitinol, Titanium, MP-35N, Beryllium Copper and many others.

ASSEMBLY: Peridot provides both Cleanroom and Whiteroom assembly services. Our Class 10K Cleanroom houses Laser Welders and both Tray and Pouch Sealers. Just a few of our assembly processes include production soldering, UV Bonding, Electropolishing, as well as cable and harness assembly.
