### VITAL STATISTICS

Year Founded: 1973  
 Number of Employees: 160  
 Number of Facilities: 2 Facilities – 80,000 sq. ft.

### WHO WE ARE

Seabrook International is a leading contract manufacturer of highly-engineered precision instruments, implants, and other devices primarily for the orthopaedic implant industry.

Seabrook has become an integral supplier to the world's largest orthopaedic device manufacturers through its differentiated approach to customer service and dedication to true partnership. The company has built its reputation on being responsive and delivering on commitments while keeping relentless focus on industry-leading quality and competitive pricing. We have a strong technical staff to provide value-added engineering and design support services to complement our rapid manufacturing of prototypes, "customs and special" instrument modification, and production-volume manufacturing services.

Headquartered in Seabrook, New Hampshire, Seabrook International has over 80,000 square feet of manufacturing space operating seven days per week.
